Instruction for the Plan and Review Questionnaire Form

The enclosed/attached questionnaire was designed for the operator and/or architect to utilize in the plan and review process. Please feel free to contact our office at 574-235-9721 for further assistance when completing the questionnaire.

The questionnaire is designed in two (2) parts. Part one is the Standard Operating Procedures (SSOP's). This part should be completed by the owner/operator of the facility. SSOP's are procedures that will help your operation to be in compliance with the Retail Food Establishment Sanitation Requirements Title 410 IAC 7-24. The referenced section numbers at the end of each question will help you in answering the questionnaire. The following bulleted items are the sections covered under part one:

- Food (will the food be received in a safe and sanitary manner);
- Food Preparation (limits/restricts the amount of pathogen growth in food);
- Hot and Cold Holding (keeps pathogens from growing in food);
- Sanitization (ensure the proper amount and application of sanitizer levels);
- Poisonous or Toxic Materials and Personal Care Items (covers the storage and use of these items);
- **Miscellaneous (covers registration/permitting and food handling in the home).**

Part two is the physical facility requirements. This part may need to be completed by the architect/contractor/engineer, since these requirements are more of a technical basis. The following bulleted items are the sections covered under part two:

- Warewashing/Dishwashing (covers the proper use and capacity of your equipment);
- Water Supply/Sewage Disposal (is the sewage system in compliance);
- Plumbing (covers backflow, hot water capacity, hoses, and grease traps)
- Handwashing/Toilet Facilities (quantity, door closure, and ventilation);
- Room Finish Schedule (covers interior of kitchen and ensures that the materials are made to be smooth and easily cleanable)
- Personal Belongings (prevents contamination of food from employees);
- Equipment (requires all equipment materials be food-grade quality and approved for use in a commercial kitchen);
- Insect and Rodent Harborage (prevents insects and rodent activity);
- Refuse and Recyclables (covers the storage and disposal);
- Lighting (minimum amount of light needed to conduct operations).

The Plan and Review Application Form must be completed and submitted with the accompanying questionnaire.

St. Joseph County Health Department

“Promoting physical and mental health and facilitating the prevention of disease, injury, and disability for all St. Joseph County residents”

All information must be completed in it’s entirety per 410 IAC 7-24.

1. Please answer the following questions and return this form and the application to our office.
2. If you have any questions please contact our office at 574-235-9721.
3. This questionnaire is not designed as a complete list of requirements but should be used as a guideline only.
4. **The sanitation requirements noted in this document are specified under the Retail Food Establishment Sanitation Requirements Title 410 IAC 7-24.**
5. **Please use this rule as it pertains to section numbers referenced at the end of each question.**

I have submitted plans/applications to the authorities listed below on the following dates:
